Do you have art talent worth developing? Take our free test and see

If you have ever wondered whether you had art talent, here is your chance to find out. The founders of Famous Artists School have put together what many artists and educators consider to be the most revealing test of art ability ever devised. It is offered to you free.

Designed for people uncertain of their ability

The people who take this Art Talent Test are of all ages and occupations. Most of them have little or no previous art training. By professional standards, their drawings may be awkward and amateurish. But the ones who possess the gift of art talent reveal it in many ways. Through simple little exercises, they show the inborn sense of design, the feeling for composition, the ability to observe, and the lively imagination which are such important ingredients of art talent.

The reliability of this method of screening, as well as the effectiveness of the training, has been proven again and again by the impressive record of success of our students and graduates.

They passed the test and went on to become successful artists

When Anthony Fotia took the Art Talent Test, he was a mail clerk, "stuck" in a low-pay routine job. Today, he's an artist for a printing firm, doing exciting creative work. Kathleen Gironde went from a salesgirl in a department store to a fashion illustrator in the same store. Virginia Barter, a farmer's wife and mother of three, now sells just about everything she paints. These are just a few of the literally hundreds of "success stories" our students report to us.

So if you love to sketch or dabble in paints

—and have often wondered if you "have what it takes" to become a well-paid commercial artist or sparetime professional painter—why not seize this opportunity to find out? All you need is a pencil and a half-hour of your time. With your special interest, it will be one of the most intriguing and enjoyable half-hours you ever spend.

What the Talent Test covers

First, you will be shown ten pairs of simple designs and asked to pick the one in each pair that has "a feeling of rightness" about it. Then you will see twenty pairs of pictures, and check which composition in each pair is more pleasing. You'll be asked to do original sketches to demonstrate your imagination and powers of observation. And in similar ways, your feeling for mood, form, movement, and so on will be tested.

When you complete the test and mail it back, it will be graded free by a member of the School's staff. If you receive a passing grade (and we must warn you that many don't), or can offer sufficient evidence of art talent, you will then be eligible to enroll. You may choose whichever of our courses is best suited to your goals.

Courses offer personal instruction

These courses were especially designed for talented people who can't leave their families or jobs for art training away from home. The 12 famous artists who started the School over 19 years ago contributed all their lifetime secrets of art technique to what they believe to be the finest art lessons ever created. They took time out from their own busy careers and made thousands of special drawings to demonstrate each point. Then they devised a method of constructive criticism that is as personal as tutoring. Your instructor, who is himself required to be a practicing professional artist, spends up to several hours on just one of your assignments. He actually draws or paints his suggestions for improvement, and then "talks" to you by letter, dictating a long, friendly message of specific advice and encouragement.

You will receive an interesting brochure about our School and its revolutionary methods along with your free Art Talent Test. If you have ever dreamed of success in art, and wondered if it were possible, why not mail the coupon at left for both the Talent Test and the brochure right now?
